

vacaddy 2.0

hose storage and organizer

Included in box:

- A** top rack of caddy
- B** bottom rack of caddy
- C** nuts and bolts for caddy
- D** grip holster
- D1** screws for grip holster
- E1** extension rod for 35' hoses
- E2** extension rod for 30' hoses

Instructions:

Tools required: Screw driver

Step 1

Using nuts and bolts supplied (D1) attach grip holster to front of bottom rack vacaddy (B)

Step 2

Using drywall anchors & screws supplied, secure (B) bottom rack of vacaddy to desired location on wall approximately 28" from the floor

Step 3

Insert extension rods(E) in each side of the (B) bottom rack of vacaddy. *Use (E1) for 30ft hose, Use (E2) for 35ft hose

Step 4

Place & insert top of vacaddy (A) and press down and insert each extension rod. Using drywall anchors & screws supplied, secure (A) top rack of vacaddy to the wall
